# Making Recovery Personal

With home care, it's all about you. Your condition, your recovery. Putting this to heart and to work, **At-HomeCare of CT, LLC** creates a personalized plan of care that works around your needs for you to achieve optimum care in your private residence.

- 1.) First, we will carefully assess and evaluate your condition and understand every critical process.
- 2.) We then properly pattern this along your unique preferences so you can receive the right care you need and deserve.
- 3.) You have all the freedom to choose which caregiver will be assigned to be responsible for your care.
- 4.) The care process begins!

Apart from caregiving, we provide a range of other multi-faceted services ready to be tailor-made to the brand of care you wish to receive in your home.

## ✓ Homemaker

A hardworking homemaker to perform duties around the household such as cooking you a nutritious meal, organizing your belongings or keeping a well-kept and homey atmosphere makes care at home complete.

## ✓ Companion

You can never feel lonely with a companion to stay by your side at every point of the day. Hearty chats, bed-side reading, indoor recreation, leisurely walks or sewing, a companion is the your best friend you can always count on at home.

## ✓ Home Health Aide

A resourceful Home Health Aide encourages a welcoming surrounding in your residence. This wonderful helper will assist you with transferring, light housekeeping, picking up a post or two, and even invites your family members over to see how well you are doing.

## ✓ Personal Care Attendant

No need to be worried about how to take better care of your personal essentials. Dressing up, grooming yourself, hygiene care to bathroom assistance, a personal care attendant will be beside you supervising your actions.

## ✓ Live-In-Care

24/7 care is fully acquirable. Who says nobody is able to give you the best of their time's worth to attend to your every need? From tucking you into bed at night, to assisting you with eating your meals, live-in care encompasses the very heart of in-home caregiving.

## ✓ Transportation Service

If it's that time of the month to visit your doctor, there's no need to hassle yourself with calling for transportation. We can always arrange for our very own vehicles to pick you up personally or have our caregiver search one for you. Your caregiver will keep you company and you will always be safe going to and from the physician's office.
